

Participation Activity: Interviews

Find a partner who chose the same “B” as you did—Beyonce, BTS, or Bad Bunny. Get a sheet of paper and write both your names at the top.

Each of you will take turns “interviewing” the other with the question below—Partner A asks questions to Partner B and writes down their answers; then Partner B asks questions to Partner A and writes down their answers.

- 1) What is something you already know about music? This can be a fact (like when the violin was invented), a topic (like Broadway musicals or how Spotify works), an activity (like reading music notation or dancing the samba), etc.
- 2) What is something you’d like to learn more about in our class?
